Krikor Hekimian will take an icy dip off Davis Dr. bridge Sunday. The "Human Polar Bear" gets encouragement from a fair fan.

## Red Cross Plans For Blood Service Told In Newmarket

**CHOIRS TO SING**  
Aurora — In the East York Music Festival held in Toronto recently, Donald Watson, Aurora, was successful in winning the junior vocal scholarship and gold medal in the baritone class under 21 years of age. Donald is a pupil of Ilynd Harris.

Choirs and ensembles of Aurora public and high schools, assisted by pupils of Ilynd Harris, will present their Kiwanis competitive selections at two concerts in Aurora United church on Feb. 16 and 17, at 8 p.m. There will be a different program each evening. These performances will help defray transportation expenses to Toronto.

### Seek End Of Parking On Timothy St. East

Newmarket — Recommendations from the police committee at town council meeting last Monday night were that a parking by-law be passed to prohibit parking on Timothy St. from the Bank of Montreal, east to the bridge, also that Cedar St. be widened from Timothy St. to Bruce St. It was suggested that the town engineer have a report on the possibilities of widening Cedar St. for the next meeting.

It was also recommended that council issue a license to Percy Meyers for the operation of a taxi service to be known as the Tax Cab.

The police committee for this year consists of R. C. Morrison, chairman, Councillors Lorne Paynter and Chas. VanZant.

### C. OF C. MEETS FEB. 8

## 38th Annual Short Course For Young Farmers Ends

Last week saw the conclusion in Unionville of the 38th annual short course in agriculture which was held for the full month of January and attracted an average of 40 young farm men daily for the entire period. This was just four short of the high average set at Newmarket last year.

All practical phases of agriculture were discussed in some detail during the course with special emphasis placed on the particular desires of the group. Outings during the week were made to judge all classes of cattle at livestock farms throughout the county. One day last week was spent in Toronto visiting the parliament buildings, the museum, a dairy, a daily paper company, and a large farm machinery manufacturing company. The final day was a visit to a large packing plant to study in particular hog marketings. A mock Junior Farmer meeting was a highlight and designed to show those not already attending Junior Farmers regularly, the advantage of doing so.

The regular instructors were W. M. Cockburn, agricultural representative, and his assistant, A. L. McKenzie. There were in addition a number of outside speakers delivering talks in specialized subjects. The course, sponsored by the Unionville Junior Farmers' Association, was organized and carried out by the Ontario department of agriculture and the boys present expressed their sincere appreciation for all that was done on their behalf.

## Pages from the Editor's Notebook

Our three children and the dog have fallen victims to this floating cough that is annoying so many people these days. They hack and they wheeze and they holler for cough medicine, except the dog who coughs and then looks mournfully at us as if we were to blame for his misery.

We have had a steam kettle boiling in their room and that seems to have eased the congestion and this morning, there were definite signs of recovery but we fear if convalescence drags out, they will be ministering to their parents who have been run ragged by their constant demands for attention.

Geoff has managed to keep himself fairly amused with a copy of Merrill Dennison's *Harvest Triumphant*, the story of the growth of the Massey-Harris firm. The book has several excellent pictures of early implements as well as the cultivators, seed drills, binders, mowers, disc harrows and the self-propelling combines. The combines and tractors have caught his fancy the most and we have spent a couple of hours daily since he was bedded explaining the why's and wherefore's of tractors and combines.

He never seems to tire of the story of how the farmer breaks his soil, seeds and harvests and although he must have it by heart by now (he checks us immediately if there is any variation from the last narration), he insists upon hearing it again and again. We should apply for a lectureship at O.A.C. after this experience.

Stella is content with her dolls which she feels are the patients, and not herself. Unfortunately, the cough medicine was left within her reach and she was able to give her "children" large doses of the stuff before it was rescued, half emptied, from her. It took an hour to clean up the mess. The baby thinks it is a big joke. He coughs slightly (we are still not sure whether he is merely imitating his big brother upon whom his sun rises and sets, or actually has a cough) and then he laughs. It is an engaging situation despite the worry.

The children's mother celebrated her birthday Monday night and the treat lifted for the evening the gloom of the sick room. The children supervised the preparation of the cake, licking the icing from their fingers at the slightest excuse. The candles were carefully counted, five were subtracted for good measure, and the rest inserted in the cake. There was some disagreement at this point, Stella insisting they should be plunged into the cake until only the wicks were showing, while Geoff preferred to leave them artistically.

We lit the candles, or rather, tried to light them for the children insisted that they should be blown out as fast as the match was applied to them. We settled that point and the cake was finally borne triumphantly to mother who sat patiently waiting her "surprise" in the other room. There was a slightly hoarse rendition of Happy Birthday and the candles were blown out to exclamations of pleasure.

The children's presents to their mother were two potted plants which they insisted on examining before giving them to her. The presentations made, there was some disappointment when they learned that mother was going to keep them instead of giving them back for the children to play with. However, that was settled after some explanations, and ice cream. The party must have had a good effect on them for this morning, the coughs were easier and sniffles less in evidence.

## From the Files of 25 and 50 Years Ago

J. L. Rannie, Ottawa, was elected chairman of the Ottawa branch of the Engineering Institute of Canada at its annual meeting, according to the files of 25 years ago. Mr. Rannie was born in Newmarket and attended public and high schools here. He graduated from the University of Toronto with honors as Bachelor of Applied Science in civil engineering in 1908. In 1909 he secured his commission as dominion land surveyor and graphical surveyor in 1914.

The Newmarket junior hockey team defeated Bradford on Tuesday night by a score of 5-1. Belfry scored four of the goals and Soules one.

One of the best concerts in Newmarket for years was the one given by the Toronto University glee club, under the direction of Prof. J. M. Sherlock and Madame Lugrin-Fahey, soprano. The concert, under the auspices of St. Andrew's church choir, was held in the town hall last Monday evening. Miss Gweneth Rice presented Madame Fahey a bouquet of roses on behalf of the choir.

The Misses Haight, who have been visiting at Waterloo for some time, are expected home this week.

A good market last Saturday. An abundance of dressed chickens and the ruling price was 25 cents per lb. New laid eggs brought from 50 to 55 cents a doz. Butter was in demand but the price remained from 40 to 45 cents.

The graduation exercises of York County hospital are to be held in the I.O.O.F. hall on February 8. Sir William Mulock is to present the diplomas. This is the first graduation held in connection with York County hospital.

15 below on Sunday morning — the coldest this winter.

The lawn bowling club held its annual meeting on Wednesday. W. C. Lundy was elected pres., W. Reid, sec., and F. A. M. Lister, treas.

The ice cutters were busy on the pond this week, according to the files of 50 years ago, and they reported that the quality of the ice this season is better than for years. It was 20 inches thick when taken out of the water.

At the Toronto Normal school, Miss Etta Bastedo passed the recent examinations and Miss Marion Rannie passed with honors. At the Ottawa Normal school Miss Ironsides passed with honors.

During the year 1898 there were registered with the town clerk 34 births, 29 marriages and 21 deaths.

An excellent market on Saturday. Butter sold at 15, 16 and 17 cents. Fresh eggs from 20 to 22 cents. Dressed chickens 40 to 70 cents. Apples were 15 cents a basket, potatoes 45 to 55 cents a bag. Light strained honey was 7 cents a lb., and dry cordwood \$4.

When John Lyons was unloading pail timber off the cars at the depot last week he let a heavy pail fall on his foot, crushing the instep and breaking a small bone above the ankle.

An exciting game of hockey was played on the pond last Saturday afternoon between the Hounds of the north end and the Stars of the south end. The score was 6-5 for the Hounds. L. Flanagan refereed the game.

The J. F. Fleury Sons, Aurora, are so busy that they have had to install part of their work in the old Wilkinson shops, which they recently purchased.

The Misses Davidson, Penetanguishene, were guests at J. E. Cane's this week. Mr. and Mrs. Cane were "at home" on Monday evening to a number of friends.

## The Editorials:

### A Criticism Answered

A criticism often directed against the town council has been that it has done nothing in the form of public recognition of veterans. Other municipalities have presented veterans with watches and similar tokens of appreciation. Newmarket, it is pointed out, has never made such presentations. At least one banquet has been given but that has been the extent of formal recognition. And the town council has been criticized for this.

The criticism was answered by a veteran Friday and in a manner which should be approved by all veterans by President Douglas May of the Newmarket Veterans' Association. The council during and after the war concentrated on increasing employment opportunities and housing, said Mr. May. A hundred homes, all reserved for first choice by veterans, and two new industries testified to the success of the council's efforts. Mr. May then asked, in effect, which does the veteran prefer, employment and housing, or watches? The answer is quite evident.

It is to be hoped that Mr. May's remarks will bring an end to that particular criticism.

### Remove The Causes Too

The threat of communism in Canada has been met largely by repressive measures of varying degrees of harshness. No doubt such measures slow the growth of communism and lessen its influence. But repressive measures no matter how stern can never fully stamp out communism as long as there remains social injustice, poverty and squalor. Communism is nourished in misery and thrives in an atmosphere of martyrdom. Repression drives it underground where its growth is the more to be feared because it is unseen.

The only lasting answer to communism is to make democracy work in the manner visualized by those who contributed towards its existence. Communism has never gained where there has been prosperity and freedom. Prime Minister St. Laurent is right when in his comments upon the "buoyant" economy of Canada he says: "... progress towards social justice for all in a country is an effective safeguard against the effect and influence of subversive elements".

Legislative measures and a constant vigilance are required if communism is to be held in check but they are at the best second to the removal of the conditions which encourage communism.

### Color Ban For Oleo

Ontario is considering regulation of the coloring of oleomargarine but has no thought of banning its manufacture, according to an interview given in Ottawa last week by Premier T. L. Kennedy. He added that as yet, the attorney general's department had found no law forbidding the coloring of margarine. If the coloring of oleomargarine to resemble butter was prohibited, it seems likely that the product will be confined to its manufactured color of white.

This would be only fair. The yellow color has been a trade mark of butter for years, and the appearance of its rival in the same coloring would complicate the difficulties of keeping the two products separate. White margarine is sold in the United States, in some instances with a separate package of coloring matter to be mixed by the purchaser.

No one can estimate what effect the sale of margarine will have upon the dairy industry. In the meantime, however, the difference in sales price makes it essential that nothing should be permitted which would encourage the sale of oleomargarine as butter, something which might easily be accomplished as long as the two products are so identical.

### Is County Committee Enough?

York County council has agreed to budget \$10,000 for the reforestation committee. The amount was granted after a lively debate which included an amendment to reduce the amount by half. At that, the amount granted is, as Deputy-Reeve Hilda Murray claims, "a drop in the bucket". The money will be used mainly to purchase run-down farms on which a tree-planting program can be started to restore the soil and water supply.

The county council has been aware of the need of conservation and reforestation for some years as is testified by the \$63,000 spent so far, but there is much more

that can be done. The desolate acres to the east and west of Newmarket, where blow sand and erosion have made deserts, tell in themselves of the constant need for action on a grand scale.

There is a tendency to consider such a project as a strictly rural matter, yet urban municipalities as much as the rural areas feel the effect of impoverished soil and water supplies. Newmarket, for example, faces a potential water shortage, as test well after test well has failed to locate new sources of water. A tree-planting program around Newmarket would help restore water sources which have since dried. The farms deserted before the advance of blow sand or those on which poor soil gives only a small return represent loss of buying power which might have been used in Newmarket. The prosperity of Newmarket, indeed most other urban centres, depends upon a prosperous farm district surrounding it, and no farmer can be prosperous if his major crop is sand and his wells are dry.

The county has much to show for its activities, particularly at Vivian but is a county committee capable of initiating the huge program of reforestation and conservation which is so necessary? Has it the funds? The personnel? Has it the continual drive which is necessary for success? Last year, of a \$10,000 budget, only \$63 was spent. The balance could have been used in grants to farmers to encourage tree planting if no other suggestion offered itself.

If York county is to restore water supplies and land, to end the floods and waste of each spring, it appears to us a larger agency, staffed with full-time personnel and with adequate funds, will be required. It is reported that opposition in the county council was persuaded of the value of conservation policies as outlined by the committee, that three-quarters of the council approved the budget. Perhaps this approval could be extended towards the creation of the full-time agency which is so obviously required.

### A Worthwhile Appeal

An appeal has been launched on behalf of the Newmarket Boy Scouts and Cubs for \$6,000 with which to purchase a camp site. The boys have been without a permanent camp, a situation which largely detracts from the advantages offered boys by scouting. The committee in charge has located a site east of Newmarket sufficiently accessible to town to afford easy travel, yet far enough away that the boys can taste the real pleasures of outdoor life. The site is partly wooded and a pond offers swimming.

It is to be hoped that the appeal will be answered by the generosity of the citizens of Newmarket. It is being made only after much consideration. Efforts to give the boys the advantages of a camp site have in the past not been successful. Yet if scouting, with its emphasis on the out-door life and campcraft, is to succeed in its purpose, the boys will need that camping experience.

The Boy Scout movement is a proven medium in the making of good citizens, citizens who by their youthful experience understand the still wild environment which exists in so many parts of Canada. Since its founding, the movement has been honored with the patronage of royalty, and the successes of its members in adult life testify to the value the movement has for boys. The Newmarket Scouts have shown themselves in the past to be responsible members of the community. They have frequently assisted in public affairs as well as undertaking the drudgery of regular salvage collections. To assist them is to invest in Canadian citizens of the future.

### Bracebridge Gets Artificial Ice

In 1916, Bracebridge council decided upon a recreation centre as a suitable war memorial to those who served in the second world war. A vote of the taxpayers approved the plan in April 221 to 16. By July of 1917 work had begun upon the foundation. In 1918 the job was completed, material shortages having been the cause of many delays.

Last week, Bracebridge opened its community centre with appropriate ceremony. The building has a standard ice surface, seats about 1,500 with 1,000 standing. There are rooms with side entrances for town organizations like the band and the Boy Scouts.

The town owns the arena and the recreation commission is operating it. Bracebridge is substantially smaller than Newmarket where with an arena already standing, artificial ice has been argued for years.

## Office Cat reports Catnips By Ging

Isabella, who is my own sweet apple dumpling, me recently that she is going to restore my you. When I tell you what is in our basement now, laugh, boss.

It all started when Isabella began nagging me coming lazy. "You never whisk me off to a night so used to," she said. "It's the same old thing, every come home, read the paper, and fall asleep."

Once she got the idea that I was slipping into quiet comfort there was no stopping her. Each day new revelation about my character and more reason nagging. "The trouble with you is your cultural activities," she suddenly announced one evening came to pass that we spent last weekend in the city for culture.

It was originally planned that we go to a symposium with some of her Bohemian friends who live in the national section, but we couldn't get tickets. When I that I would rather stay home and get my culture Spade, "The World's Best Private Detective," I read short clout on the ear.

So Isabella and her Bohemian friends carried in movie on Saturday night, a sad substitute for culture the show, "The Snake Pit," where the girl in the so real the audience goes crazy in the middle of it. the girl is cured but not the audience and they theatre babbling at each other.

We left the theatre babbling and went to a Bob

where there was dancing and paintings of fat women the walls. Our host's ordered some kind of foreign was carried in to us in huge stringy mounds. While stepped all over Isabella's feet and later fell asleep our hosts. It was a completely unsuccessful weekend Isabella was concerned. I was no more cultured than before.

It is a funny thing about women, boss. You talk a life of quiet companionship, which they say they when that has all been settled and you settle into of companionship what do they want? They want lights, more activity and this and that.

After the weekend, when we were back in our love nest we call home, Isabella said, "How I ever with a good-for-nothing but like you, is beyond me. think of that cultured life you used to have me were married, and all those gay nights. But do something will be done about this."

Yesterday I was coming home for lunch and a up to the house a man with a little black bag and was leaving. He looked startlingly like Dr. Stein.

Later that night, I went down to get a book out in the basement. What did I see there? You guess a chimpanzee in a wire cage! Tied to the cage was ticket marked C.O.D. for Isabella from Barnum and I imagine the beast to be very glandular and I am wondering what Isabella is planning.

Boss, if you had your youth restored by moon would you live the same life over again?

"Sometimes floor prices floor the consumer article in Maclean's magazine, January 15. The that the government is using the taxpayers' money higher price for farm produce. This is not quite true part of the picture.

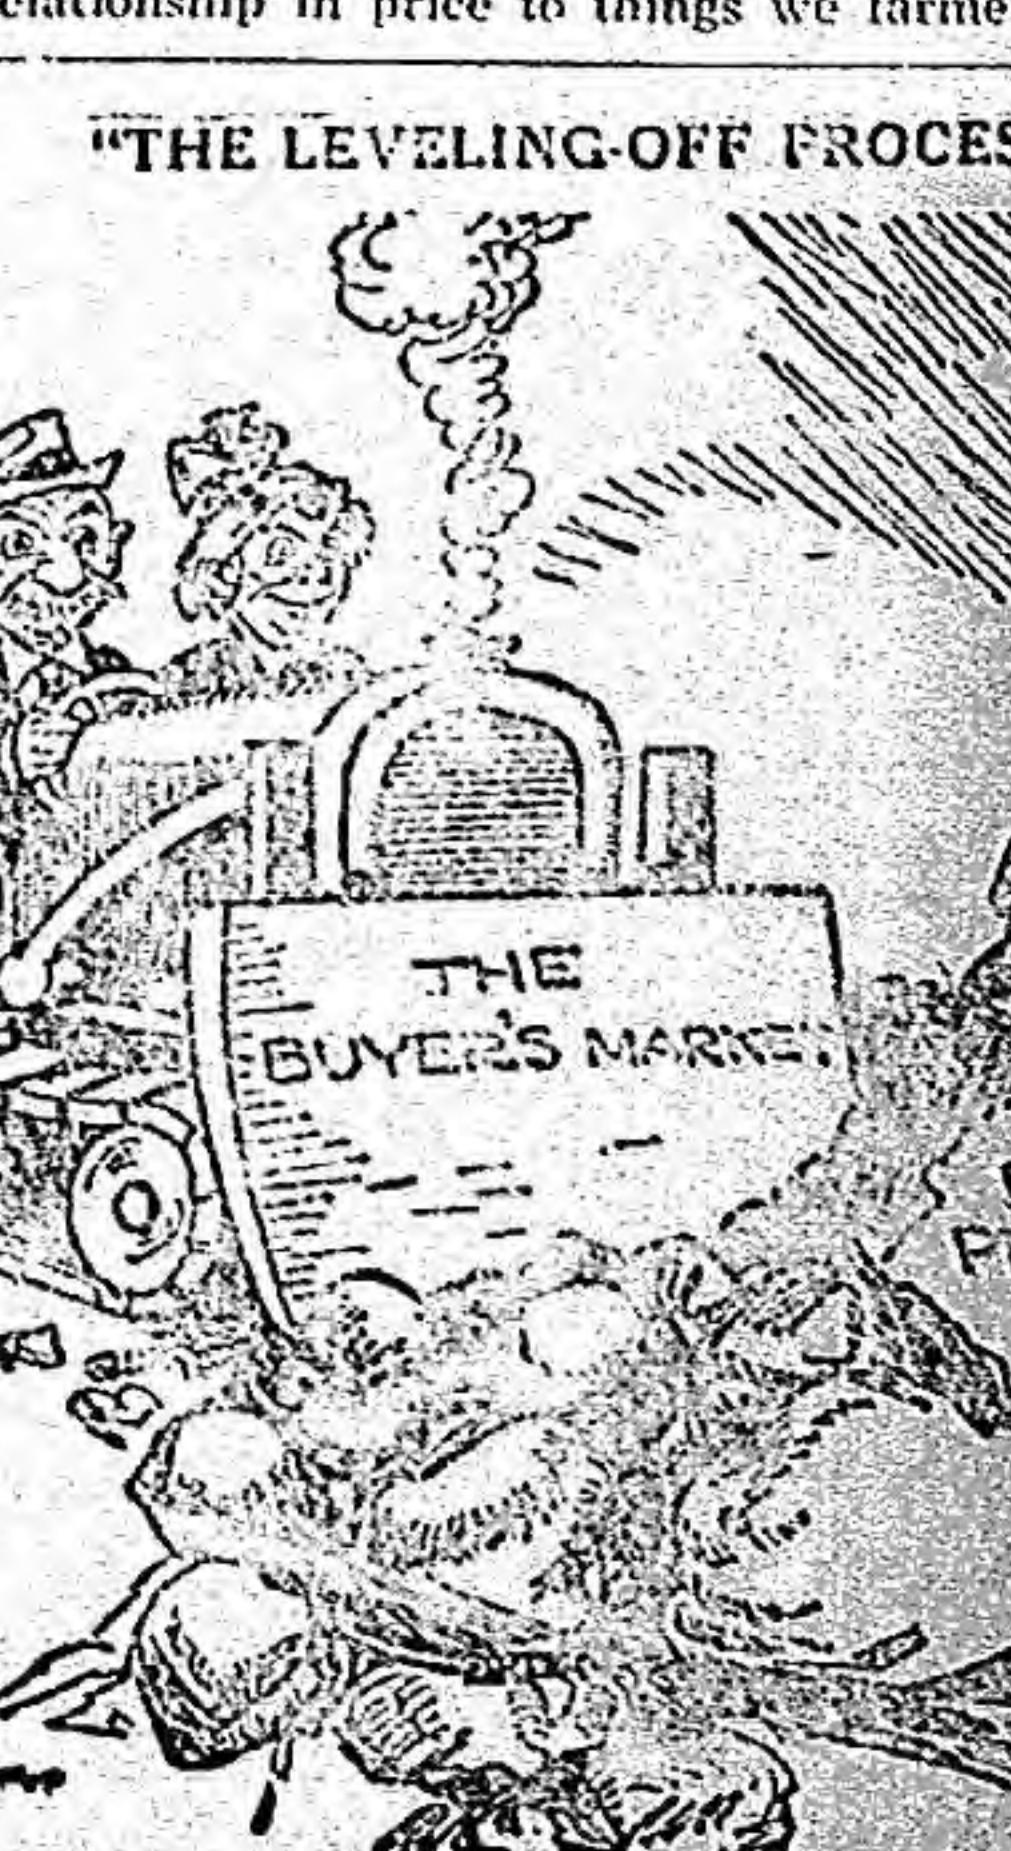

The government made an agreement with the have a ceiling price on farm produce for the duration. In return the farmers were to have a floor farm produce after the war. The government set known as the farm stabilization fund. The people benefits of a low food price policy while the There has been very little of this fund used so far.

The farmer cannot turn a button and stop or duce crops. When the crop is planted the spring knows what the harvest will be. True we had a bit in some things this year. The first part of this put out good. The people had food at a low or lower price. This plan helped to win the war. There are no opposed to any kind of planning. Farmers are people have to plan but their plans do not always succeed. We must expect to take the bitter with. This article says the farmers never before had such farm produce. But are our prices out of line? People produce prices in a fair relation to farm costs, find wheat at par, pork and beef higher, eggs, the below. So across the board farm prices are not You cannot compare 1948 prices with the 1930 prices we were away too low.

The farmer has no hidden profit or reserve. If he has a good crop, it is open for everyone to see. will tell you how many bushels per acre the crop many cans of milk we ship per day, same with if you do not ask a farmer how he is doing he feels if a farmer wants to know what labor, material, and a binder or tractor is, does he get an answer? On side, an open book; on the other side, closed tight.

The farmers never have to have a commission gate their business. There are some things a committee. When the report of a commission shows that mark-up on butter was less than one cent per pound the supply was scarce the mark-up was around 11. No, the farmer is not the bad boy in the living.

Farm people expect help from the government we can adjust farm prices. This is what the agree for. We, in our farm study groups, are thinking about a fund or an insurance for crop failure, live and marketing losses. This could take the form of a loan on all farm produce with the support of the government only to the extent of the help that industry gets. It is our right to have as much government help as any other industry. This article says that the prices are level that consumers can afford to pay for food. We would welcome the chance to open up the whole costs. Of all the farmers filling in the income tax for small number had to pay. You cannot get money when is no money. The farm people amount to 27 percent of the national income. Farm produce is not high if we a fair relationship in price to things we farmers have

## KETTLEBY

Congratulations to Mr. and Mrs. R. Hunter who celebrated their 34th wedding anniversary on Thursday, Jan. 27. Christ Church Ladies' Guild presented them with potted hyacinth as a small token of its affection. We all hope they will be spared to spend many more happy years together.

Kettleby W.I. received a letter of thanks for the parcel of tea sent to their adopted Institute, Horsell W.I., Surrey, England. The gift was greatly appreciated as their allowance is still only two ounces per week per person.

The annual vestry meeting of Christ church was held at the home of Mr. Frank Beatty on Thursday, Jan. 27. We should like to thank all the members who came and made it such a success. The reports from the church and guild were very satisfactory, showing a great improvement in membership and funds. The following officers were elected: vicar's warden, Mr. Tom Judge; people's warden, Mr. W. Crane; sec-treas., Mr. E. Fry; envelope sec., Mr. R. Hunter; organist, Mrs. Bob Archibald; sidesmen, Messrs. F. Beatty, E. Wood, Ed. Haines, E. Fry, E. Black and P. Muirhead; Parochial Tribunal, Messrs. R. Archibald, P. Muirhead; auditors, Mr. R. Hunter and Mr. P. Muirhead; lay delegate, Mr. R. Hunter. The meeting closed with prayer, after which the ladies served refreshments of coffee, sandwiches and cake, which were enjoyed by all.

## Sold 'Detained' Potatoes Marsh Farmer Fined \$40

Newmarket — A. E. Jarvis, who was proprietor of the Newmarket Wholesale before it was sold to Peter Gorman, has returned to the Newmarket business scene with preparations to open in two weeks a confectionery and tobacco store on Main St. at Queen.

## TO OPEN STORE

Newmarket — Joe Morton of Holland Marsh was found guilty in Newmarket court last Friday of allowing potatoes to be moved which had been placed under detention. According to E. R. Dobson, a provincial fruit and vegetable inspector from Sutton, he inspected 200 bags of Morton's potatoes on Oct. 22. Finding them defective and below grade he placed them under detention. Reid Dunham of Bradford, another inspector, testified that Morton had removed and sold his potatoes a few days later. Morton claimed that he had regraded them but had not had them re-inspected, as is required.

"You know the regulations set up for the protection of the public," commented Magistrate O. S. Hollinrake. "You haven't carried out the requirements. Fine was \$40."

Neither man nor animal inhabits the frozen wastes of Antarctica.

Mr. Wm. Botham is very poorly again. He and Mrs. Botham are staying with their daughter.

Mrs. Wm. Milne and family are in Toronto for a while. We hope to hear better reports of him soon.

On Monday evening, Mr. and Mrs. John Ash and Mr. and Mrs. Wm. Ash entertained at a small progressive euchre in their home in honor of Mr. and Mrs. Wm. Carlisle of Manitoba who have spent the past week with them.

Mr. and Mrs. John Ash, Mr. and Mrs. Wm. Carlisle and Mr. and Mrs. Roy Smith and Shirley moved into the Evans' house on Monday afternoon.

## Jail Break Of Years Ago Told Friday By Press, Radio

### MOUNT PISGAH

The January meeting of the Gormley Women's Institute was held on Wednesday, Jan. 26, at the home of Mrs. R. C. Baycroft. It was decided to hold a few progressive euchres to help raise money for "Save the Children Fund." The first one is to be held at the home of Mrs. R. C. Baycroft on Friday evening, Feb. 4, and another one at the home of Mrs. Aylmer Gray on Feb. 18. The program was very interesting and in the form of a travologue talk by Mrs. Lorne Evans and Mrs. Harry Smith on their trip through the western provinces last summer. Lunch was served by the hostesses.

The Mount Pisgah Women's Association will meet this month at the home of Mrs. Lloyd Harvey on Wednesday, Feb. 9.

On Friday, Jan. 28, a farewell party was held at the home of Mr. and Mrs. Harry Smith for Mr. and Mrs. Lorne Evans who are moving to their new home in Aurora. There were about 65 present to witness the presentation of a chair and table to Mr. and Mrs. Evans and a flowered housecoat to Mrs. Tait. The community is sorry to lose them from the immediate neighborhood but as they are not very far away, we hope to see them often.

We would like to take this opportunity of extending the sympathy of the community to Mrs. and Miss Schelke in the loss of their husband and father who passed away last Friday in St. Joseph's hospital, Toronto.

Mr. and Mrs. Percy Ash spent the weekend with Mr. and Mrs. Ed. Storey and family at Burk's Falls.

Miss Alma Carlisle, Toronto, spent the weekend with Mr. and Mrs. George Boynton and family.

Mr. Wm. Botham is very poorly again. He and Mrs. Botham are staying with their daughter.

Mrs. Wm. Milne and family are in Toronto for a while. We hope to hear better reports of him soon.

On Monday evening, Mr. and Mrs. John Ash and Mr. and Mrs. Wm. Ash entertained at a small progressive euchre in their home in honor of Mr. and Mrs. Wm. Carlisle of Manitoba who have spent the past week with them.

Mr. and Mrs. John Ash, Mr. and Mrs. Wm. Carlisle and Mr. and Mrs. Roy Smith and Shirley moved into the Evans' house on Monday afternoon.

Sunday school officers for 1949 are as follows: superintendent, Mr. Loy Cart; assistant superintendent, Mr. Ross Keffler; secretary, Gordon McConachie; treasurer, Mrs. Ross Keffler; organist, Miss Aileen Smith; assistant organist, Mrs. C. ## Induction Service Feb. 11 For Rev. A. R. Yielding

Newmarket—Friday evening, Feb. 11, is the date set for the induction into the pastorate of the Gospel Tabernacle of Rev. A. R. Yielding.

Mr. Yielding has been ministering at the Tabernacle since October with much encouragement. Full services on Sundays and exceptionally well attended week night meetings bespeak a bright future for the church. The Know Your Bible campaign which Mr. Yielding launched a few weeks ago has enjoyed much success with larger than usual attendances for this type of meeting, and because of the great interest will continue for several more months.

Many of the executive body of The Associated Gospel churches of Canada will be present to conduct the induction service and it is expected that many friends of the church and of their new pastor will be out to wish them every blessing.

Sharon — Mr. and Mrs. Wm. Deavitt, Sharon, celebrated their 50th wedding anniversary on Tuesday, Feb. 1, at their home, "Clair-Villa," very quietly.

The couple were photographed against a background of 50 red roses and a bouquet of yellow daffodils, and a wedding cake, in the shape of a horse-shoe, decorated in gold. One of the happy thoughts of the day was that their granddaughter, Jean Deavitt, who has been ill for the past year, is well on the road to recovery and will be returning soon to her home in Newmarket from Toronto General hospital. Mrs. Davis Edwards, Dartmouth, N.S., was there for the occasion.

reporting \$2,672 for this fund, paying tribute to Fred Chantler who deserves a great deal of credit for reaching the highest objective for this fund in the history of the church. Harold Garrett presented the report of the Sunday-school. There are 270 students, teachers and officers on the roll, including the Cradle Roll. Tribute was paid to Mrs. H. Molyneaux for her years of work as Cradle Roll superintendent. Mention was made of the work done by the Elders and others in renovating the two rooms for the beginners

department of the Sunday-school.

H. M. Hooker presented the treasurer's report of the Sunday-school, reporting receipts of \$385. Mrs. H. Price, reporting for the Woman's Association, gave receipts of \$963 and Mrs. J. Morris, president of the Woman's Association, gave the report of their activities during the year. Mrs. E. Morton, president of the Afternoon Auxiliary of the W.M.S., gave the report of this organization and reported receipts of \$398, not including the supply secretary's report of the bale and other clothing valued at \$157.

Mrs. L. Bovair, reporting for the Evangeline Auxiliary of the W.M.S., stated that \$632 had been raised in addition to the bale valued at \$107.

Mrs. B. Morton, recording secretary of the Evangeline Auxiliary, gave the report of the membership and year's activities. H. G. Fowler reported for the senior and junior choirs; and a report of the 50-50 Young Adults, Y.P.U. and Boys' work was given by the minister.

The following elders were elected: B. W. Hunter, hon. elder; for four years, W. J. Patterson, H. W. Garrett, Elgin Evans, J. A. Maitland, S. W. King, C. S. McCauley; for three years, E. B. Richardson; Aylmer

Crowle; stewards elected for four years, L. P. Cane, Chas. Bovair, W. Earl Walton, Harvey McCordick, Ralph McCann, Kenneth Morton; treasurer, H. Garrett. This appointment was confirmed by the board of stewards at a special meeting when the resignation of Allan Mills was accepted with regret and a vote of appreciation was tendered to Mr. Mills who has faithfully served as treasurer for many years. Mr. Garrett was also elected at a special meeting of the congregation to the board of stewards. Mr. Johns was elected as recording steward. Rev. Cotton thanked the meeting for its splendid co-operation during one of the most difficult years in his ministry. The ladies of the church served refreshments following the meeting.

do so, and I really do not feel I can do it justice.

The third and last play was more or less a riot and we left for home still laughing! It also was put on by four actors, Evelyn Woods as Marilla, Grace Sinclair as Mrs. Bottomly, her mother, Marilla's husband, G. A. James, who was supposed to have deserted her after a few years of married life, and Charles Van Dusen, the first mate of the vessel that was wrecked and which was the cause of the marooning of Marilla, which was the title of the play. The director of the third play was Miss Eva Barnes. The scene was laid on a small island in the South Pacific Ocean and all we saw when the curtains parted was a rock on the island in the centre of the stage with tropical scenery — and in comes Marilla dragging her mother — they certainly were realistic and showed they were victims of a ship-wreck by torn clothing, drenched hair and so on. But when unexpectedly Marilla's husband appears from behind the rock with two years' growth of hair and beard we all laughed delightedly — and laughed harder when he gives his mother-in-law some bananas to get rid of her while he made love to his wife.

The climax is reached when Charles VanDusen, dapper in uniform and brass buttons, appears on the scene to affect a rescue, for he and the mother-in-law have a romance of their own to Marilla and her husband's supreme satisfaction. So all's well that ends well. It was heaps of fun and it is with pleasure we see that soon another evening of entertainment awaits us when in March they present a play by Noel Coward which they describe as an improbable comedy farce in three acts. We'll be eagerly waiting for it. Many thanks to Newmarket Dramatic club for a splendid evening's entertainment.

### RED CROSS

(Continued from Page 1)  
and P.E.I. have one depot at Halifax.

The program falls into two parts. First is the technical responsibility for the collection and testing of blood for which a specially trained staff will be necessary. These depots will be staffed and administered by national headquarters. The speaker said that a team of 12 work together so that there is no waste time. It is not feasible to provide a mobile clinic unless you can provide 100 donors twice a year. No special diet is required now and the donor may be from 18 to 65. A donor should not have to spend more than 30 minutes. If a hospital avails themselves of the service, they will have a legal contract with the Red Cross.

Health is not alone the responsibility of the Red Cross. In many places different service clubs are assisting in getting donors to give blood such as the Business and Professional Women's clubs, Lions clubs, recreation organizations, Kinsmen clubs, Rotarians, etc. In Toronto individual industries are assisting, many churches and women's auxiliaries. The Mobile Clinic brings its own doctors, linens, beds — everything but the donors.

As the second part of the program the local Red Cross must provide a small waiting area, kitchen and washroom. Six or eight of the local ladies serve tea, coffee, toast, cookies and what have you in the recovery room. There should also be a clerk at the door.

The blood transfusion service will be available 24 hours a day, seven days a week. The Red Cross agrees to provide this service to all points accessible by land, rail and boat and air. The government will fly in where the Red Cross is not able to take the necessary supplies.

# Spits Split Games With Greenshirts

Newmarket Hoffman Spittires, to use their full title, recognized an opening Thursday evening and promptly did what they were supposed to do, made the best of it. The said opening was a penalty dished out to Bruce MacMillan of the visiting green-sweatered crew from Sutton for cross-checking and was boosted to five minutes when it was found "Shorty" Wrightman, on the receiving end, was cut. With the greenshirts short-handed the Spits caught fire scoring wise and rifled in five goals, enough to give them a 9-6 win over Sutton's loop leading side.

Up to this change of fortune, early in the third, it was an even-steven game as the teams came out of a pair of fast skating, exciting periods at four all. Bobbie Smith and "Blondy" Todd formed the Spits' twine bending combination in the first stanza, Stan Gibbons and Myles McInnis duplicated it in the second. Then the Spits, as we indicated, swung into high gear with Bill Mabbett's nice effort as he stick-handled around goalie Bob Winch before putting the biscuit into the rigging. "Murph" Jelley made his presence felt with a pair of scoring credits. Bobbie Smith and "Blondy" Todd were back knocking on the score sheet with their second tallies. That lifted the Spittires out in front 9-4.

Sutton, for their part, were good at both ends of the game. They put away the first marker in a minute and a half, Bruce MacMillan beating Joe Tunney on a set-up pass from Keith Dunn. MacMillan almost single handed kept the invaders in the hunt with another pair of goals. Ken Davie got the invaders' fourth. Then at the end, with Geo. Lamont getting the nod, Sutton had a goal awarded to them as "Whitey" Bone, a guy doing a lot of fine blocking and starting some fine rushes away, was accused of tossing his stick. As the bell went to end the fray Cros Brady lifted a rising shot that beat Joe Tunney. That was quite a feat, too, for Tunney was a mighty hot shot blocker between the pipes Thursday.

## PENALTIES COST WIN

After leading for three-quarters of the game, Bill Allen's Aurora juveniles ran into a penalty parade. Net result was Stouffville, who had been three goals down at one stage, went on to take a 9-6 verdict and tie the standing in the district juvenile group. The hometowners deserve credit for battling from behind and such boys as Gary Lewis, Percy Schell, Doug Burkholder and goalie Murray McMullen were large factors in the Stouffville win. Andy Closs, Don Milne, Bill Dale and Gerry Simmons were the pick of the Aurora club.

## Spaghetti Dinner Served Spits For Beating Sutton

The shoe was on the other foot Friday. The Spittires rode into Sutton with the league leadership on the line. The Spits had to win this one to tie the Greenshirts for the top. Sutton proved they had a battling club staying off a determined bid by that gang of ours to come out of a fast, exciting 60 minutes of hockey action with a 3-2 win. It was a win incidentally, unless Newmarket can get help from other quarters, namely Bradford or Aurora, that's going to keep Sutton out in front in the league race.

That determined bid by our gang we spoke about came in the third. It was a Newmarket period. The Spits, with any sights at all on their shooting irons, could have put the game away, then and there. Instead it was Sutton who came out of the period with a goal that broke up a two all tie from the stick of Ken Davie that Geo. Lamont and Cros. Brady set up for him. That marker settled the issue in favor of the host club and shoved us back four points off the pace.

Merv. Broughton found the range for the only goal of the first session at the three quarter mark. "Murph" Jelley passed the disc over to him.

Geo. Holborn, Sutton winger, just past the midway mark of the middle frame, squared the count swooping in on Joe Tunney and blasting an ankle-high shot past him. Stan. Gibbons, at the time, was in the cooler for a boarding infraction. Ken Davie with Andy Lonergan throwing the puck up to him shoved Sutton in front with but 15 seconds left in the period. Their lead was short-lived however as Myles McInnis, with but two seconds left, picked the short side on goalie Bob Winch to end the session at two all.

## DEFEAT UXBRIDGE

Aurora juveniles scored a 5-4 win over Uxbridge juveniles in an exhibition practice game over the weekend. Aurora came from behind a 4-3 deficit to fire home two goals in the last four minutes. Hugh McRae and Andy Closs got the pay-off counters.

## LOSE EXHIBITION TILT

The Spittires were administered a solid trouncing at Orillia Tuesday evening in an exhibition game with Orillia "Silver Bombers," a senior B entry in the O.H.A. The final score read Orillia 12, Newmarket 3. Myles McInnis managed the first goal but from then on Orillia took charge. Ab. Bowen bopping in no less than seven, "Fink" Tunstead and "Swifty" Todd shot in the other two local tallies.

## A.P.S. TOPS NEWMARKET

Doug Clark's Aurora public school seniors defeated their playmates from Newmarket, 11-3, on Friday afternoon at Aurora arena. The Aurora lads had the best of the play all the way. Wait. Fines for A.P.S. notched four goals while Bob's Cook went for three. Stew. Wilson (2) and Don Egan and Bob Andrews with one each completed the scoring. Freddie White played a good game in the Aurora nets.

## MASTERS DEFEAT GRADS

Newmarket Grads came up with an improved showing in their second basketball test against Pickering College Masters last week. Still the improvement couldn't quite give them a win over the Collegians, the final score reading Pickering 42, Grads 39. The Masters held a comfortable lead at half time but had to battle grimly in the dying moments to hold their margin as the Grads came up fast.

Don Brown stood out for the Grads in the point parade netting 27, Gar Elphinstone bagged 5 and John Ilsey, a newcomer to the ranks and a big asset, sank 4 points. Dan Bovair 3 and "Red" McNern was kept off the score sheet. The Masters' scoring attack was led by Pete Widdington and Lou Lanier with 9 each and Bill Capes with 8. Next in line were Barney Jackson 4, Dick Mathier 4, Keith McLaren 4 and Cam Clarke 2.

## IMPORTANT GAME

Weston juniors, who have yet to taste the cup of defeat in hockey, will be at Aurora arena tonight and the fixture should have a capacity house. The struggle is an important one for Meteors and the boys know it. While all four teams are in the play-offs, the second slot is the cushy one, as the opposition will be Uxbridge in the group semi-finals; that means extra gates and a real chance for the group honors without doing it the hard way. Since Unionville has decked Aurora twice and Weston has tied Unionville with one to go at home, it falls squarely on the Simmons clan to measure Weston at home and away.

Ross Caradonna paid off on a hockey promise last night and did it with the best of goodwill. The father of Harry, who was injured while playing with the Hoffman Spittires in the Metropolitan league, Ross told the team that if they defeated Sutton last Thursday night, he would serve the boys with an Italian style spaghetti and meat-balls dinner at his home. The Spits cleaned up on Sutton and last night was the pay-off.

Ross is something of a chef himself, a "master-chef" member of his family say, and he prepared the meal Wednesday.

From the satisfied expressions on the faces of the eaters, there is no doubt that the boys also agree Ross is a master-chef—and a good sportsman.

## Aurora Takes 10-5 Win Against Bradford

Heartened by the presence of Red Mitchell and turning on their best effort of the season Aurora intermediates crashed through for their first win of the season defeating Bradford 10-5 in Celeryville on Saturday night. The fans saw the unusual spectacle of defencemen heading the attacking forces with Vic Meharg and Loring Doolittle scoring two, and Red Mitchell and Charlie Taylor getting one each. Bradford led 2-1 at the end of the first period, but from then on the yellow and black took command. It was 7-4 for Aurora at the end of the second as the Rogersites went for six goals. Mutt Collings put on a great display for Bradford scoring four goals and getting an assist to remain atop of the league scoring race. Groves, his linemate, picked up a goal and two assists.

John White (2), Norm Nigh and Whitey Jones were the Aurora forwards to pick up goals. While Murray Brandon didn't score a goal his all-round play was one reason for the Aurora win.

Both goalies, Eric Smith and Em. Trask, played spectacular games, with Smith displaying the form that made him a power in junior hockey last winter. Red Mitchell spent 14 minutes in the penalty box, including a 10-minute misconduct penalty meted out by referee Bob Peters. Wannamaker of Bradford drew a major. Harvey Gibney, coach of Newmarket Spittires, was linesman. The officials were on the pan from players and fans throughout the contest.

## Gormley Horseman, Fred Schelke Buried

Funeral services were held on Monday morning from St. Cecilia's Roman Catholic church for the late Fred Schelke of Gormley, one of the best known trainers of horse races on the American continent.

A native of Brooksville, Ind., he trained for such owners as Guy Bedwell, Commander J. K. I. Ross, Harry Hatch, Thorncliffe Stables, and Bob Cowie. For the past ten years or more he has resided at Gormley, and run his own stable as well as carrying on breeding and boarding horses.

Best known horse owned by Mr. Schelke was Shepperton which ranks fifth among all-time Canadian money winners. He disposed of Shepperton last fall, but still retained the great sire, Sun Craig. In ill-health for the past year, Mr. Schelke died of coronary thrombosis. He is survived by his widow, the former Mabel Costello, and one daughter, Miss Mary Schelke.

## On Ski Trails

Hi everybody, we're in business. What a weekend! After getting over their sore muscles on Monday morning, everyone is just itching to get back on the trails again. We had six to eight inches of snow in the bush and four inches on the open hills. After our four inches of new snow on Monday and another four or five inches that we will be getting before the weekend, skiing will be perfect next weekend. The snack bar is open and a nice warm fire awaits all those entering our club house.

The bus will leave twice on Sunday and once on Saturday.

You can catch it at the taxi station or the corner of Main and Davis Dr. The schedule is: (weather permitting)

Saturday

Bus leaves town 1:30 p.m.

Bus leaves club 5 p.m.

Sunday

Bus leaves town 10 a.m.

Bus leaves town 1:30 p.m.

Bus leaves club 5 p.m.

All ski classes will be held on Twin Post Hills until further notice. Classes start at 2 p.m. on Sundays and everyone wishing to attend please be on the hill as the classes will be grouped for instruction at 2 to 2.10 sharp.

Special classes will be held on Saturdays and also on Sunday mornings so anyone wishing extra classes please contact me before Saturday if possible. Only club members are allowed in classes. All those using any of the trails this weekend and not belonging to the club will be charged a 50 cent day fee.

## Foote-Notes

By BILL FOOTE - Aurora Editor

All of you who read this will have undoubtedly read a front-page report last week which hinted at artificial ice for Aurora in the near future. Without claiming to be the least bit psychic we have a feeling that this question will produce strong and gust currents of hot air in the near future. It is a question which must be faced squarely and not shelved. There will be a number of arguments put forward both for and against artificial ice.

It will be argued that the installation of artificial ice will create a financial burden far exceeding the need for such a move, that it will be an expensive luxury which the town can ill afford when schools and other more necessary local improvements are required. Also, it will be maintained that artificial ice will not pay.

It is quite true that the initial expense would be considerable. However, the town would be far from crippled by such a move, and on finding that the original investment was paying excellent dividends would realize the merit and justification of the original expense.

George Stark, who has played with Aurora juniors, Newmarket Vets and Markham Millionaires other years and this year went to the east coast with Bob Bangay, has been dropped by North Sydney Vets and may soon be back in these parts. Doubtless Messrs. Bert Bell, Hal Rogers, Johnny Hines and the Markham management will go to his Willowdale home with pen in hand on bended knee. The Vets are in the cellar of the Cape Breton circuit with 36 points in 44 games whereas Glace Bay has 44 points in 45 games. Sydney Millionaires have 48 points in 41 games. Bob Bangay has been one of the Ontario boys who has really made good and he's a favorite with the fans. John Quilly of the North Sydney team who once played with Lee Canadiens is said to be the highest paid player in senior ranks today and the Vets are giving the 28-year-old Ottawa boy no less than \$225 per week. Hence there's no room for extra players and while Stark was good, he wasn't quite good enough. There's said to be a general tightening up all through the Maritimes so far as Ontario imports are concerned.

Closer to home we note that Austy Baker, the good all-round performer of Stouffville Clippers, is out of the game with a broken toe. Baker played several games not knowing the toolsy was smashed. Despite what we knew was bound to happen, the Markham hockey experts denied there would be *feudin' and fussin'* when the Clippers and Millionaires hooked up. Well, that's just what's happened and between the teams and fans of the district there's no love lost. From now until spring it'll continue at fever pitch. The teams have each won over the other at home and in the two games, close to 3,000 fans have gone through the turnstiles. It costs 50 cents per copy to see the games at Stouffville and Markham, for an adult, so the boys aren't suffering any pain. Peterboro Legion Stouffville is next. The three other senior B clubs and Lindsay who rate intermediate A and Bobcaygen classed as intermediate B follow. The North York boys are holding their own in fast company.

Both goalies, Eric Smith and Em. Trask, played spectacular games, with Smith displaying the form that made him a power in junior hockey last winter. Red Mitchell spent 14 minutes in the penalty box, including a 10-minute misconduct penalty meted out by referee Bob Peters. Wannamaker of Bradford drew a major. Harvey Gibney, coach of Newmarket Spitt
